Impact

Last week, one of our guests stopped by to speak with our Center Manager. For some time, this person had been working to settle a personal financial situation, and in the meantime, had been receiving help with food and other needs from New Hope. This person stopped by to tell us that their situation had been resolved, and they would no longer need to use our services. With that news, this guest gave a cash donation to our Manager for us to pass along to help someone else at New Hope. Isn't it amazing how the spirit of giving works in the people we serve? Thank you for making our work possible!
