- **Corrugated cardboard** is any cardboard with a corrugated texture. **Paperboard** is cereal, shoe boxes, etc. Cardboard must be bagged or bundled. No whole boxes or loose pieces of cardboard may be placed out for collection. ALL boxes must be broken down, bundled and may not contain any food waste residue.
- **Bi-metal/Steel Cans** consist of fruit, vegetable, and soup cans and must be placed in the recycling container provided.
- **Aluminum Cans** are usually beverage cans such as beer and soda cans. These can be placed in your recycling bin along with your bi-metal/steel can. Magnets do not stick to aluminum. DO NOT place other aluminum products in your recycling container. (Pie plates, frozen dinner plates, and pans, are examples of other aluminum products).
- **Bi-metal/Steel/Aluminum cans may be comingled together in the same container.**
- **Newspaper** must be bundled and kept dry.

All residents are required to have Mandatory Recycling Garbage Service and must use curbside collection for corrugated cardboard/paperboard, bi-metal/steel/aluminum cans, and newspaper. Residents can continue to recycle glass bottles (clear and colored) and quality paper by bringing them to the Public Works Drop-Off Center, North Street. If you have any questions, please call the Hanover Borough Public Works Department, 632-3939. **Service Stickers will be mailed with the February billing.**

Thank you for supporting our recycling efforts and local environment!
