

# WATER MAIN

## REPLACEMENT PROJECT

**The West Hanover Street Water Main Replacement Project has begun. Expect delays and temporary road closures during construction on West Hanover Street from Doss Alley to South Forney Avenue and from South Forney Avenue to West Walnut Street. Water mains originally installed in 1941 will be replaced to improve water quality and increase pressure for fire protection. Weather dependent, the project is expected to be completed by May of 2019. Thank you for your patience during this process.**
